

FACE SHIELDS

BALLISTIC FACE SHIELD

OVERVIEW

A face shield that provides either NIJ Level II or NIJ Level IIIA ballistic protection.

STYLE

The ballistic face shields are available either as permanently mounted face shields or as removable face shields with the Retro Fit Fastening System (RFFS), which comprises a band that goes around the helmet shell. Both attachment styles have a 3 stop mechanism for lifting up the visor.

OVERVIEW

NIJ Level II

Ballistic: Multi shot protection against 9mm FMJ RN at 415 m/s, 44 Magnum SJHP at 400 m/s; 357 Magnum JSP at 436 m/s.

NIJ Level IIIA

Ballistic: Multi shot protection against 9mm FMJ RN at 450 m/s, 44 Magnum SJHP at 450 m/s, 357 Magnum JSP at 450 m/s, Tokarev 7.62/25 "51", lead core, steel jacket at 450 m/s.

FRAGMENTATION FACE SHIELD

OVERVIEW

Universal fit face shield that can be used with most helmets that have an integral front peak to provide face protection in riot conditions. V50 rated for fragmentation resistance.
